

OUR TREATMENT OFFERS ...

Our employees can provide individual rehabilitation and care. Our facility is also adapted for disabled and wheelchair users.

STAY WITH US ...

That Phanom is a beautiful area that also the tourist offices in Thailand recommend to visit. You can either come to us for rehabilitation or a tropical holiday stay, if you want to experience the real Thailand.

As mentioned, we have a separate fitness center with space for both physiotherapy and massage. We also have a trained auxiliary nurses here with us, and we have a close collaborate with the local hospital here in That Phanom.

If you want to get around a bit on your own, we also have bikes adapted to the different needs for shorter or longer trips in the Isan area.

With heart for rehabilitation

Sawasdee... from Ony & Roar

Welcome to Baan Sabaijai

The center of That Phanom was built in 2009, after spending seven years at Jomtien in central Thailand. The center that we like to refer to as our little tropical paradise, located just 10 minutes from the giant Mekong River, and just a stone's throw from one of Thailand's most famous temples.

As a long-term resident with us, there are also various opportunities in Scandinavia to be able to apply for grants for some residents. (Check with us about this).

For those who choose to stay with us, for a shorter or longer period, a time full of activities and experiences beyond the ordinary awaits. We will therefore

recommend our guests that you book a 6-month flight ticket (change options) because in very many cases it has turned out that guests have wanted to extend their stay with us.

The climate in That Phanom is incredibly good and most comfortable for our Scandinavian guests, and in general for anyone who wants to stay in a tropical climate. We offer rehabilitation and care that will make you feel better — and you can choose to stay with us for a shorter or longer period. We are the oldest Scandinavian holiday and rehabilitation home in Thailand and have built up a solid expertise and experience through the almost 20 years we have existed.

Everything is arranged for you to have a unforgettable stay in our Tropical surroundings.

Our saltwater pool is frequently used by our guests for a refreshing bath, and for exercise!

SOME OF WHAT WE CAN OFFER

- We have a skilled and well-trained staff, who know how important you as a guest are with us.
- We can offer many different activities in our private fitness center and swimming pool, as well as other opportunities.
- We have a large fleet of cars that are adapted for wheelchair users, or others with disabilities.

Through the almost 20 years we have worked and taken care of people with disabilities, has given us a huge experience of how we can handle and adapt to different challenges, so that you will have the most comfortable and carefree stay when you live with us, regardless of injury or life situation.

We can document this, as many of our guests keep coming back, or like others who have decided that they will never leave us - or Thailand.

We often facilitate various activities at our facility, but we are also often involved in the many local events that are organized in That Phanom, which has led to us also being well intrigued in the Thai community.

This can be anything from Buddhist ceremonies, funerals, weddings, festivals, fairs, or other events that our guests can take part in, and at the same time learn more about the wonderful culture Thailand has to offer.
